## **Host Agency Requirements**

# **Train the Trainer Course**

Advanced Extrication has been providing Vehicle Rescue Instructor Train the Trainer courses for over five years. These courses prepare new and veteran instructors to teach the latest in new vehicle extrication. Programs run three or four days based on the needs of the host and surrounding agencies. The following is a typical administrative design used for handling course details. Advanced Extrication is happy to discuss any proposed changes to this design.

### **Responsibilities of Advanced Extrication:**

- Handle all course registrations (finance and enrollment)
- Provide all course materials for the classroom modules
- In some cases (location permitting) Advanced Extrication will provide late model vehicles and a location for the hands on portion of the course
- In some cases Advanced Extrication will provide all of the tools and equipment for the Hands on portion of the course
- All Instructors necessary for a 40 student course
- Course promotion is a joint effort by the Host Agency and Advanced Extrication

### **Responsibilities of Host Agency:**

- Provide a suitable classroom for 40 students
- Provide all necessary Audio / Video equipment (including 2 digital projectors)
- Provide coffee / water for each classroom day
- Provide water for hands on days
- In some cases host agency will provide vehicles for the hands on portion of the course

- In some cases host agency will provide all the tools and equipment necessary for the hands on portion of the course
- Host Agency pays NO Instructor fees
- Course promotion is a joint effort by the Host Agency and Advanced Extrication

## **Course Costs and Enrollment Details:**

- Host Agency may enroll three participants at no cost to the agency
- Course costs (for participants) range from \$200 to \$400 depending on the length of the program and the location. Cost is determined by Advanced Extrication
- Lead instruction is handled by Brock Archer
- Train the Trainer courses must be scheduled at least 60 days in advance of the course start date

Please take a look at the sample course outline for the Advanced Extrication Train the Trainer program. Advanced Extrication is also available to teach many other programs including basic academy, CA State Fire, Advanced workshops, NFPA Technician and Operations, Emergency Response to High Voltage, Online modules, NFPA EV Safety courses and more. For a complete list of courses visit [advancedextrication.com](http://advancedextrication.com) or call us anytime.

Thank you for your interest in our Train the Trainer Program. We are looking forward working with you to create a course that meets your needs.

Take Care & Be Safe,  
The Advanced Extrication Team
